Portfolio:

PROJECTS

- **Google Drive**

1. Built a full-stack cloud storage application (Google Drive clone) using Node.js and Express, implementing secure file upload, download, preview, and folder-based organization with efficient REST APIs.
2. Implemented user authentication, access control, and storage management using JWT, Multer, and MongoDB, enabling users to manage files safely with features like share links, file metadata tracking, and storage usage monitoring.

- **Protfolio Website**

1. Developed a responsive personal portfolio website using HTML, CSS, and JavaScript to showcase projects and skills with a clean, user-friendly UI.
2. Implemented interactive components and optimized layout for mobile and desktop, improving overall accessibility and performance.

ACADEMIC HISTORY

Malnad College of Engineering | 2023-2027

Computer Science

- GPA: 8

Brilliant PU College | 2021-2023

PCMB

- Grade : 93

SKILLS

- **React**
- **Node.js and express**
- **Git and Github**
- **Html, CSS , Javascript**
